MONDAY, NOVEMBER 15 1897.

The End of an Incident.

The letter and proclamation received by President McKinder directly from Gen. Maximo dones, their object being to notity the Government of the unalterable differentiation of the generals, the arms their arms except upon condition of also late in Vestiliar of Spain, ought to put an end to the "motopomy" policy of the Annihistration. Senior Sprastn for his econtry and Gen Games for Inc. dislimits turn declined the good offices of America on the busin of peace with our tonsor. Every consideration of decorpand decency demands that Mr McKini-y should treat the subject as closed. It is repetted of him, however, that the

outh his toroign policy, will not let him at motion the effort to restore Spain er in flator. The is regretted, because It keeps him in an attitude exercively profeting to the American people, and onwinds he is some to find impractinable after the meeting of the Congress.

By that time we should think that Mc McKind a coestit to make on his mand thatrecognition of Cubay beligerency to longer. should be postponed. He promptly being make atta of recention Mr. McKinley would allow a west amount of national Indignistion and clear the very for conscaple relations with the representatives of the people duting the enemies weeking

A Massachusetts Problem.

A currous colour may been pliented in the state Parties will of Massechusers within the last ten years. Massachusetts is very min the Tower of Babel after build the was stopped by a bearing admission Bee has amported our uniformity after mother to supply the factors labet needed has sectled about at Ciscopee, a little mill own near Apringfield, is from Polenic and s described as runner more topoless ma term) for civilization than the Price of the French Cantollans who were earlier in ported. The Poles will work for lestion a deflor a cay, and steal anything they can bey their louids on. They five very ct andy, and never spend anything on such Insuries as clean clothing and decent lotting. The women and citibiten no hare-post of most of the time, even it the winter. They figure frequently in the police course, mostly for dimplements escult, and worldly manage to pay their fige, but if you of their number is taken ill be is surned over to the city in take cite ef. The idea is that if the fine is not paid the offender maist 20 to prison, but if a man is taken ill be nort be fated enter to die or to live to nothing can be done about it. Truto is a thing that they do not understand very well, and is fact. Deer Iwo staning virtues, industry

of a toler to magramis is their language; which is a harrier more complete than in the case of any other foreign people. If it is eve to be oversome, the Polish stalldren runs be sometical in American schools, side by by side with American children, and the adviscance to the American youngerer are not so obvious as the parents might wish In the case of other foreignets, however this method has been pursued and it will Permoder, and his desire for tagner ware and a better home, and a better position for the Children. Meanwhile, the social. political and industrial difficulties are fully

Tunks and Turkey.

It is removed that Gov. Bradley, of Kentucky, the tisued a new nort of Thanks giving proclamation. It is remarkable for its precity. It samply automores that the day will be observed, and that is all Whether the supply of cloquence in Kentucky was all crained dry by the campage of not, tide governor sets a benutlful example to all the other governors h, the lack of platitudinous pondetosity which is displayed by his mind.

The ordinary Thanksgiving proclamation States. It gives one the impression that exclugatement has, from time homemorial. set slowe to his deck, hunted out the proclimation of the year before and copied it with praistaking exactlinde. Thus the Squirous pessons have a famillar sound,

and recall most turkey and squash pie, and other goodies to the minds of the worthy householders. The ordinary Thankse giving proclamation gives one a sense of repletion, like that experienced after a Gream of a good dinner. It is disapdoes pass, but while it endures it is almost as good as the real thing. The readers of Gov. Bradley's proclamation. may rany will not be hored by a lot of moviee as to their particular reasons.

Senator Caffery on Bawadl. Senator Femelsoff Carriery of Londstons - or

everybody knows, is a leading opponent of 1.25 Hawaiim menesation. To epitemize his apposition to his own language. "The fortune: of a handful of sugar planters do not matify us in contestabling the dangerous experiment of and ocean government ave a population often, unne-imilable and un-Christian," Sc. the Senator expresses himself in a letter published in New York yes

> held by so prominent an authannexation- them. is a saturable as furnishing the text of heard on the Hoor of the Secrete next ulmist. As far as we observe, Mr. Cuf tact that, according to official maps of | relating to agriculture, late date. Bayan is well within a line drawn south from our most northwesterly shores. Mr Caffery despises the idea of annexing a population largely native and Jaconese, unlit for Statebood in his judg ment. He does not believe the country can be constitutionally acquired except as preliminary to Strichood, and therefore double not be touched at any price

He thinks notice on our part that this Government will not tolerate foreign inter forements the Haward would serve every murnos pendence? which a cerron madority of Japanese residents would give to the country, when they grew strong enough a concent it, indept not suit us at all. It herdly is worth while, thus early, to to enter into any lengthy discoverin of the details of a subject of which there is before we get through with it. So, we will only remark, further, at this time, that while Separar Caffery does not tidak him Hawaiian rdambear; subtanent to warrant us to make long them. It is perfectly exiden ue reals that the meanined interests is no other supar pitulets - those in Louis tion for the across telesis, are ample report for def-ating the treaty.

WILSON'S ANNUAL REPORT.

Agricultural Colleges Proving

Be Excellent Institutions. James Wilson, Secretary of Agriculture, has transmitted his annual report to the President, for the fiscal year ended Jone 30, 1897. This report gives a history of the department and the scope of its Work The endowment of agricultural colleges by totalling of the yearly-repeated sentences. Congress in 1862 and the appropriations can, however, he could recalled by the for experiment stations in 1887, for edu-cation in agriculture and for supplying correct information to farmers along the hoes of their life work, are probably the most effective and far-reaching ever for being grateful to an overreling Providerised by the government of any people deare and a free government in this year. Secretary Wilson says the acience of dailying is spreading from the agricultural college centers, resulting in greatly in-

creased and improved production.

The department is seeking markets in foreign countries by making their people familiar with the superiority of our goods rols country para case conjugate the first fiscal year for sugar, findes, froits, wines animals, rice, flax, hemp, cheese, wheat, griry, beans, eggs, ten, etc.; \$6,000,000 for emeany castor beaux, lavenuer, hearth opram, poppy, somac, etc., and \$2,000,000 for bulbs, rearry all of which could be grown and prepared for use at hours. The Department of Agraculture will encourage the growing of these articles by the introduc-tion of secon and by sending out farmers balletine giving information concerning

The department is endeavoring to get most of the arguments which will se infortaining from foreign countries with based on the there of the Sente next which we compete in the markets of the are also being taken to ascertain what fery does not present anything new, and grops are grown on different thermal we are happy to note that what he does thus, so that the seeds and plants may offer it not of a character to depress his be intelligently thought to this country antagonists. He dephets the bled of our building the dependent of crops. "poshing our coast line" two thousand baying American agents in foreign contmiles out into the Pacific ignoring the true who have been educated in the science

NOT ALWAYS UNDERSTOOD.

A fact often overlooked, or not always alterstood, is that women suffer as much from distressing kidney and bradder troubles is the main. The would is situated suck of and very close to the bladder, and for that reason any distress, discuse, or inconvenience maintened in the kidneys ack bladder, or prinary passage it often ay nessage, attributed to female weakness womb trouble of some sort.

The error is easily made and may be as easily avoided by setting arms aside for swenty four issues, a sediment or settling a evidence that your kidneys and bladder need doctoring. If you have pain or do acting in the back pass water too fre quently or scanty supply with smarting or burning these are also convincing proofs of kidney trouble. If you have doescred without benefit, try Dr. Kilmer's Swamp-Rest, the great kidney remety The mild and the extraordinary effect will sufprise you. It stands the highest for its wanderful cures. If you take a medicine he should take the best. At druggists fifty cents and one dollar. You may have a sample buttle and pampillet, both sent tree by rail Mention The Morning Times. and send your address to Dr. Kilmer & Co., The proprietors of this paper goarantee the genuineness of

IMPROVEMENTS

CONVENIENCES ABOUND

Throughout the Store.

The air of newness to the store-to everything in the store-is very agreeable. Our customers will now find Broader Aisles, Greater Facilities, Added Room, Increased Conveniences and Finer Stocks than ever. Our store as you see it todaystands unsurpassed by any similar establishment in the country, in light, ventilation, convenience, beauty or thoroughness of appointments-or in the quality, variety, fitness and general excellence of the goods con-

ained. Bureau of Information, Telegraph Office, Telephone Station, Package Checking Rooms, Postal Facilities. etc .- all on the first floor for the convenience of our patrons.

Two New Elegant Otis Elevators of the Most Modern Type,

And magnificently equipped, have just been finished and will be running for the accommodation of our customers this morning. Asent and descent from the various floors is now rendered expeditions by six passenger elevators, ornamented with large mirrors and rendered safe by every modern appliance.

The store is at its best, and a cordial invitation is extended to all. And we shall do our best to make all comers welcome and comfortable.
